WF-AID
ECONOMIC EMPOWERMENT & DISASTER RELIEF

THE MEDICAL CENTRE

Medewell is a non-governmental, non-political, non-religious organisation registered in 2001. It aims to assist the community in providing basic needs to the underprivileged in **3 areas; Medicine, Education and water wells.**

Medewell has its headquarters in Dar es Salam and mainly works within the Kibaha district. The organisation works very closely with local communities and enjoys a cordial relationship with the local agencies. With more than 17 years' experience in Project Management, Medewell is currently focusing on providing affordable healthcare services for the needy, the poor and the vulnerable.

GYNAECOLOGY DEPARTMENT

At Medewell we provide comprehensive prenatal care which is part of our Maternity & Labour Services, which is designed to support and safeguard the well-being of expectant mothers and their babies.

The services encompass a range of essential components, including routine checkups, ultrasound scans, and prenatal testing, and surgeries for women with pregnancy complications. Through these services, we strive to monitor and maintain the health of both the mother and baby, ultimately promoting a healthy pregnancy and a safe delivery.

STATISTICAL DATA

Approximately **800 maternal deaths** occur daily in Tanzania, equating to a tragic loss of a woman's life every 2 minutes. Due to preventable causes related to pregnancy and childbirth (Healthy Newborn Network, 2023)

**Dr Ghulammehti Sumar (Left) - (WF Ambassador)
&
Bashir Khaki (Right) (CEO Medewell Charitable
Hospital)**

March 2023 - Successful delivering the Ophthalmoscope to provide thorough consultations, screenings, and essential surgeries to patients in need.

IMPACT & GRATITUDE STATEMENT

WF-AID extends heartfelt gratitude to **Mohsin & Fauzia Jaffer Foundation** for their generous donation of an ultrasound machine to **Medewell Health Centre**. This invaluable contribution has significantly enhanced the efficiency, addressing the challenges associated with previous outdated ultrasound equipment.

The new machine has proven instrumental in delivering precise and high-resolution images, improving the overall quality of diagnostic results provided to the patients.

In particular, this advanced ultrasound machine has played a pivotal role in the thorough examination of pregnant women, allowing for monitoring the condition of infants and detecting various gynecological problems in women.

The impact of your donation extends beyond mere numbers, positively influencing the standard of healthcare provided at **Medewell Health Centre**.

We are pleased to share with you the monthly statistics reflecting the utilization of the ultrasound facility:

January 2024 - **327 patients**

February 2024 - **312 patients**

Your benevolent support has made a lasting difference in our ability to serve the community effectively, and we are immensely grateful for your commitment to advancing healthcare.

Financial Breakdown

WF-Aid thanks **Mohsin and Fauzia Jaffer Foundation** for providing funding towards the CV 850 Philips ultrasound machine, which is an essential equipment for the medical facility at Medwell Health Centre.

Types of Aid	Amount \$USD
CV 850 Philips ultrasound machine	\$25,000
